## NANCY BOYER IS AT THE MAJESTIC

The Popular Kalamazoo theatre is playing to capacity houses. High class of entertainment pleases the crowds.

Few cities the size of Kalamazoo can boast of as fine a play house with as high class of entertainment at popular prices as the Majestic. Colonel Marshall the popular manager of this theatre has put forth a great effort to give the theatre going public just what they desire in entertainment and has succeeded to a remarkable degree. Not only the Kalamazoo people but residents of contiguous territory appreciate his efforts. It is no uncommon thing to be informed when inquiring for tickets that the entire house has been sold out. The theatre has grown in popularity until the seating capacity at times is insufficient to accommodate the crowds. Nancy Boyer, the little actress who is always so popular in Kalamazoo is again at the Majestic. Commencing Thursday of this week and continuing today and tomorrow, she will be seen there in that popular play "A Pair of Sixes." It is needless to say that every performance will be played to a capacity house. Some of the Paw Paw people are always seen in the audience at nearly every show, and when the motoring gets good, many more will avail themselves of the opportunity to enjoy this nifty little play house.

## FORMER PAW PAW GIRL IS TO WED

Miss Ada Stoughton whose marriage takes place in the early spring was given a shower of muslin Tuesday evening at the home of Miss Edith Anderson, Brunson avenue. The muslin pieces were all marked with an embroidered monogram making a very acceptable gift. Miss Olive Lennox furnished the music. Dust cloths were beamed for the bride elect. Miss Anderson was assisted in serving by her mother and sister, Miss Pearl Anderson.—Benton Harbor Daily.

Miss Stoughton will be remembered here as the older daughter of our ex-treasurer, Warner Stoughton and wife now residents of South Haven.

## High School Notes

**Douglas Hindenach, 17**  
 The girls' team and the boys' second basketball team were beaten by Lawton's two teams last Monday night. The scores were close and a delightful dinner was served afterwards.

Dr. Hoyt gave a short talk last Thursday on "Good Health."

There will be a box social April 14, at the school house. Everybody invited.

The Misses Lepper and White spent Tuesday night in Kalamazoo.

Miss Bartram is out on account of sickness.

The seventh grade is studying the "Horse Fair" this week.

Clifford Ballard has returned from Ann Arbor, where he underwent an operation.

## CHARLES VARNEY JR. HONORED BY HIS CLASSMATES

Charles Varney Jr., who is attending school at Manchester Penn. was recently elected to represent his class as class orator at the coming commencement. Charles had a close second who too, would like to have had this honor, but Charles won out. He is a good speaker and we are sure will add new laurels to the honors of his class.

## LOCAL JOTTINGS

Martin Van Buren Pitkin passed away at the home of his son Ray last Sunday. The obituary as handed to us was incorrect in many respects and the changes did not reach us until we were ready for press and too late for correction and will consequently be given in our next issue.

Mrs. C. A. Sturtevant of Chicago was in town the first of the week.

Mrs. L. S. Bartram received the sad word Wednesday, that her nephew, S. B. Kingsbury of Marine City, had passed away. Mrs. Bartram left for that city Wednesday to be in attendance at the funeral.

Mrs. J. H. White of Jackson, an old time friend of Mrs. A. W. Cummings arrived last Saturday to aid Mrs. Cummings in celebrating her birthday on Sunday. Mrs. White returned home Wednesday.

Emmaet Cline was in Chicago the first of the week.

Mrs. Daniel Riley of Benton Harbor is the guest of her parents, Mr. and Mrs. A. O. Duncombe on east Main street.

Mr. T. A. Farrand, the Van Buren County Farm Advisor would be pleased to meet all the grape growers of this vicinity at his rooms in the court house Saturday March 25, at 2 p. m. to talk over spraying and spraying material.

There will be work in the third degree in Paw Paw lodge No. 25 F. & A. M., next Tuesday evening, March 28. Past Master E. F. Farke will have the honor of conferring this sublime degree in Masonry on his son Howard. It will be a notable event in local Masonry and there will be a large attendance. Refreshments will be served after the work.

Frank Dodge, living in the south east part of the village, passed away Tuesday morning after a brief illness of pneumonia. Funeral services will be held today at 10 p. m. at the M. E. church. We will publish the obituary next week.

### English Golf Courses.

A glance over the plans of the seven championship golf courses of Great Britain reveals the fact that not one possesses a single hole which measures 550 yards, the longest being the seventeenth at Westward Ho, which is 542 yards. St. Andrews possesses two holes of over 400 yards, the fifth is 533 yards and the fourteenth of 516 yards. The twelfth at Prestwick measures 508 yards and the sixteenth at Hoylake 510 yards. There is not a single hole at either Murfield or Deal which measures 500 yards.

### Big Exception.

"I never knew a man yet who wanted to listen to other people's troubles." "Then I guess you've never known any lawyers."—Boston Transcript.

## COUNTY AGENT IS KEPT BUSY

Keeps many appointments around county. Important meeting at Memorial Hall Paw Paw tomorrow

Mr. T. A. Farrand, the County Agricultural Agent, attended a meeting in the forenoon, Tuesday March 14th, at the home of R. J. Sampson at Mattawan, where a pruning demonstration was given and an interesting talk concerning the spraying propositions was also given. In the afternoon a meeting was held at the Almena Town Hall and various problems were discussed which were of interest to the people of that community concerning soils and planting demonstrations with different legumes for soil improvement.

The Men's Bible Class of the Baptist Church at Lawton held a meeting in the evening of March 16th, at which Mr. Farrand was the principal speaker.

A meeting was held by the Hamilton Grange, at the Hamilton Grange Hall Friday afternoon, March 17th, at which Mr. Farrand addressed the meeting, and on Saturday afternoon, March 18th, he attended a meeting held in Bloomingdale.

Announcements for the present week are as follows:  
 Meeting with the Farmers and Fruit Growers at Covert, March 21st.  
 Meeting with the South Haven-Casco Pomological Society at South Haven, March 22nd.  
 Meeting with the Decatur Grange at Decatur, March 24th.

A meeting is also being planned which will be of special interest for the grape growers in and around Paw Paw, and where the questions of spraying will be fully discussed.

This meeting will probably be held at the G. A. R. Hall in Paw Paw, Saturday March 25th.  
 All fruit growers should plan to be present at this meeting.

### Gait of the Gorilla.

The gorilla has not only a crouching habit, but he walks on all four of his legs and has the motion of most quadrupeds, using his right arm and left leg at the same time, and alternates with the left arm and right leg. It is not exactly a walk or a trot, but a kind of ambling gait, while the chimpanzee uses his arms as crutches, but lifts one foot from the ground a little in advance of the other. He does not place the palm of the hand on the ground, but uses the back of the fingers from the second joint.

### Her Feet.

Although a woman stamps her foot, she doesn't mail it.—Florida Times-Union.
